Where do you want me to start with?

It's all pretty complicated

Esther Viner

Diana Castillo

Alon Levin

MORE LIKE @ YEARS TO EXPLAIN ESTHER

2*

Sheesh

demanding demanding

Esther Viner

aint nobody got that time alon

Alon Levin

Exactly!

I should probably start with Atlantis

Esther Viner

TELLLLL

ok

Diana Castillo

velociraptors !

Esther Viner

good place to start

Alon Levin

Basically, you guys know Avery, right?

Diana Castillo

kinda

Esther Viner

yes

kinda

Alon Levin

I inserted a neurotoxin into his spinal cord

He was temporarily under my control

Diana Castillo

o.o

Esther Viner

interesting. hold on gtg. keep talking ill update later bye!

Alon Levin

In the mean time, I "borrowed" Akhmedov's Pocket Particle Accelerator (PPA), and rearranged Avery's molecules to send him back in time to Atlantis

Bye Esther!

You know, needed to run some errands.

You guys following?

Diana Castillo

yep i'm following

[Alon Levin](#)

Nu, so he landed in Atlantis, and it all worked out fine.

He met the scientists, got the device I needed, etc.

(I'll tell you about the device another time)

However, while there, the neurotoxins wore off due to the excessive amounts of salinity on the island.

Knowing Avery, I decided that it would be best to get him back ASAP

[Diana Castillo](#)

lol

[Alon Levin](#)

So, I flipped on the PPA, but while I was gone, someone played with the coordinates and dimensions!

Avery got blasted out of there, creating a HUGE crater in the middle of Atlantis.

Seawater started pouring into the island, and it was sunk.

You following?

[Diana Castillo](#)

and the velociraptors ?

[Alon Levin](#)

I'll get there!

I'll continue with Avery's plotline later.

That's how I go in contact with Newton, btw

But anyway, I decided to go back to Atlantis.

The PPA was screwed p, so I couldn't use it.

[Diana Castillo](#)

for the velociraptors !

[Alon Levin](#)

Took a hell of a time to get there, but I found Atlantis eventually right outside of the Mediterranean Sea

Surprisingly, despite the crater, it was still in fairly good condition

While there, I found an old Atlantean museum, where they had the only complete Velociraptor fossil known to man (at the time of its sinking)

Diana Castillo

yay ~

Alon Levin

I decided to take it back home with me - I like souvenirs!

As for the rest - that's gonna be a story for another day

Diana Castillo

I want to read more !

Alon Levin

Hey, that'll give you something to anticipate for the future!

Everyone, hush

Alon Levin

Assume listening positionz

Maxim Minchuk

Yay ssssssssssssh

Esther Viner

Position assumed

Maxim Minchuk

Diana Castillo

Maxim Minchuk

Alon Levin

So, there I was,lugging around a velociraptor skeleton in my submarine

Esther Viner

Diana Castillo

Alon Levin

This submarine, nuclear-powered, mind you, was the only one of its kind

Designed by an anonymous organization, I had it especially ordered for my needs

Really tough to acquire

Esther Viner

The consortium?

Alon Levin

Had to go to hell and back!

Literally

Maxim Minchuk

What was it called

Alon Levin

Consortium? Elaborate, Esther

Esther Viner

It's in this book I read

Alon Levin

No, it was called the Leviathan

I like that name :-3

But, I digress

I had to go to hell and back to get it.

Maxim Minchuk

Ooooooooooh

Alon Levin

This anonymous organization was based deep, deep underground

The workers had strange, scaly skin, which only looked pseudo-human

Diana Castillo

I like the name

Alon Levin

Thank you

What happened was that I was digging underground (for reasons I'll tell later), when I came onto a ventilation shaft.

You guys following?

Maxim Minchuk

all the animals are listening

Alon Levin

Good I decided to go climb down

There was a handy metal ladder, so might as well use it, right?

Diana Castillo

Yep

Alon Levin

There was*

Esther's not here

Nu anyway

I went down

Maxim Minchuk

Coincidentally you had a ladder lol

Alon Levin

This was my pre-assistance era, so I naturally went alone

I go down, down, down.

Down, down, down

Until the ladder stops

Maxim Minchuk

Don't forget down down down and down

Alon Levin

There's a platform, and I step on it

Yes, how could I forget that?

As soon as I recollect my belongings, the platform falls!

It was that unstable

And I keep falling

Down, down, down

[Maxim Minchuk](#)

Oy are you ok

[Alon Levin](#)

Down, down, down

Yes! The denizens of the organization caught me, just in time

You guys here?

[Maxim Minchuk](#)

Yes

[Alon Levin](#)

At first, it was quite surprising to see them

They were all red, and scaly, with short nubby horns

[Diana Castillo](#)

Yep

[Maxim Minchuk](#)

Like hell boy with scales?

[Alon Levin](#)

Beelzebubs, they called themselves

More wimpy

Not as tough

Like accountants

[Maxim Minchuk](#)

Who hellboy is wimpy or beelzebubs

[Alon Levin](#)

Beelzebubs

When they caught me, I thought I was done for

[Maxim Minchuk](#)

Sarah Continue

[Alon Levin](#)

Sarah?

[Maxim Minchuk](#)

I meant aaaaaaaaa But fore some reason Sarah came out

[Alon Levin](#)

Lol

That's ironic, since their leader's name was Sarah

They gave men female names, and vice versa

[Maxim Minchuk](#)

Lololololol

[Alon Levin](#)

However, when they saw I was safe, they started cheering!

Apparently, the platform that I destroyed was disrupting their ventilation system, and I saved them from suffocation

I found that strange, since they still had 1000+ years of oxygen left when I found them, but you know Whatever floats their goats (that's another story)

[Maxim Minchuk](#)

Lol

[Diana Castillo](#)

Guys i'm going to gone for half an hour

Ok?

Maxim Minchuk

Ok

Alon Levin

I'm about done with this part of the story, and I'll be heading to sleep now. I'll tell you about the way I came back tomorrow

When can we do this tomorrow?

Maxim Minchuk

At 8 -10 I geuss

Alon Levin

Yeah

Esther, Diana? Answer when you get up to this

Diana Castillo

yep about 8-10

Alon Levin

When you guys are ready, send a "ready" sticker

Alon Levin

Huh?

Alon Levin

No story tonight guys Sorry

Diana Castillo

Maxim Minchuk

ive got to

Maxim Minchuk

Maxim Minchuk

so goodnight

[Diana Castillo](#)

Good night

- September 30, 2013

[Alon Levin](#)

Yoyoyo

[Diana Castillo](#)

[Alon Levin](#)

Scheme is annoying

[Maxim Minchuk](#)

[Alon Levin](#)

Hello

[Maxim Minchuk](#)

[Alon Levin](#)

Yo

[Maxim Minchuk](#)

[Alon Levin](#)

Hey guys!

Who wants the continuation of my story?

[Diana Castillo](#)

ok

[Alon Levin](#)

As soon as Max gets home, I'll start

Diana Castillo

okies

Maxim Minchuk

I'm using my iPod bc there's wifi here

Alon Levin

Diana, Esther?

Diana Castillo

yes?

Alon Levin

You guys here?

Maxim Minchuk

Yup

Diana Castillo

yep

Esther Viner

I am here!

Alon Levin

Story time!

Esther Viner

Esther has arrived

Alon Levin

Max, Diana?

Maxim Minchuk

I'm ready

Esther Viner

lol

Alon Levin

So, we left off at the part where I was greeted by the Beelzebubs

Maxim Minchuk

Yes

Alon Levin

I met this nice one named Arabella

Now, Arabella is a girl's name, right?

WRONG!

Maxim Minchuk

Dang it

Esther Viner

woah

Alon Levin

Apparently, in Beelzebubian culture, males and females have female and male names, respectively

Alon Levin

Weird shit, i know

Maxim Minchuk

Alon Levin

But still

Esther Viner

dude. write a book

Alon Levin

Maybe

Maxim Minchuk

I agree with Esther

Diana Castillo

Yes

Maxim Minchuk

Alon Levin

Well, Arabella, or Billy Bob as I started to call him, showed me around town

It was a really nice place down there

Dark, but cozy

Alon Levin

The food was very strange as well.

I'm not too sure, but the food tasted... metallic

Maxim Minchuk

I think the pic goes with your definition

Alon Levin

No, not really prickly

But more like the taste when you held an empty silverware spoon in your mouth for a while

But I digress

Maxim Minchuk

No for the place dark and cozy

Alon Levin

Ah, then maybe

Alon Levin

The culture is also strange

They have many legends and tales of two races living side by side

Alon Levin

One handsome, with a large brow and great headcases

Maxim Minchuk

What were the races

Alon Levin

And a smaller, punier race

Alon Levin

The handsome ones were more advanced - with a culture, religion, and stories

Alon Levin

However, they were soon forced underground due to competition with the "wimpier" ones

Under the Earth, they made a great civilization, with wonderful technologies and innovations

Maxim Minchuk

The second pic was an accident

Alon Levin

Evolution has turned their skin red and scaly, and short knobs on their foreheads grew - one above each eye

Maxim Minchuk

Mine

Alon Levin

Grew*

Maxim Minchuk

Which one

Lol

Alon Levin

The handsome ones - under the ground

Diana: a bit like that

Alon Levin

Less Saurian, more human though

Alon Levin

Let me continue!

Maxim Minchuk

Ok

Alon Levin

The Beelzebubs grew to the point of having technology much superior than ours

Not in all cases though

Aviation was completely unknown to them, since they were confined to the underground caverns

Maxim Minchuk

So from which family did the beelzebubs come from

Diana Castillo

Alon Levin

I'm not sure, but I get the feeling that they are the fate of the Neanderthals

Maxim Minchuk

Alon Levin

Don't listen to me though - just a theory

Maxim Minchuk

Ok

Alon Levin

In the end, I decided that I gotta get home

Alon Levin

Remember, there was no ladder - it didn't get all the way up.

Down*

It didn't go all the way down

Maxim Minchuk

There was farther holy nuggets

Alon Levin

Yeah!

Maxim Minchuk

Ooooooh

Alon Levin

It only got down to the platform, which I broke...

After which I landed in the Beezelbubian city

They were able to break my fall... somehow

Still not sure how they set that contraption up so quickly

Maxim Minchuk

Lol are they ok

Alon Levin

Who, the Beelzebubs?

Maxim Minchuk

Yeah bc u said they broke your fall so it sounded like you fell on them

Alon Levin

Oh no!

They broke my fall with some cushioning device

Maxim Minchuk

Lol good

Alon Levin

I told you, their sciences and engineering surpass ours in some ways

Diana Castillo

Lol

Alon Levin

But anyway, I decided that I had to get home

Alon Levin

I walk to their town hall, with Billy Bob along to act as a translator

Maxim Minchuk

How does he know your language

Alon Levin

Billy Bob was good with languages - he fished out some computer-like thing and learned English, Japanese, Hebrew, and Latin in two days just for me.

I'm amazed he had reception

But once again, Beelzebub technology

Maxim Minchuk

True

Alon Levin

Nu anyway, we walk up to the town hall together

Maxim Minchuk

Ok

Alon Levin

The "mayor" (they had different titles in the city) was an old, aging Beelzebub named Connor

POP QUIZ

What was the mayor's gender

[Diana Castillo](#)

girl !

[Maxim Minchuk](#)

Female

[Alon Levin](#)

*DING DING DING

[Diana Castillo](#)

or boy >.>

[Alon Levin](#)

So, we go up to Connor, and I start giving her my "speech"

It roughly went like this"

"Hello, Ms. Connor?"

"My name is Alon Levin, and I was the one who dislodged the plat - er, object - in the ventilation duct"

"Well, you probably knew it was me since I'm not a Beelzebub or anything..."

"But still!"

"I'd like to go home"

"Like not to my temporary place here."

[Maxim Minchuk](#)

Why are you screaming at her

[Alon Levin](#)

"Back up to the surface"

I wasn't screaming

After some awkward pauses

She smiled, told some words to Arabella

[Maxim Minchuk](#)

Why

Alon Levin

And then smacked her horns against her palms

That was like the equivalent of whistling, I guess

So, as soon as she does that, several male Beelzebubs drag this HUGE thing into the room

Like, I just had no idea what it was

Maxim Minchuk

Why is there a like

Alon Levin

Like, why not?

lol

Maxim Minchuk

Lol

Continue

Alon Levin

Anyway, the male officers quickly speak to Arabella and tell him what to say to me

Maxim Minchuk

Alon Levin

Turns out that thing was a person (Beelzebub)-grade Quantum-Tunneler

Or, BGQT

I called it the Big Cutie, since it was quite a site

Sight*

You guys here?

Diana Castillo

yep

Alon Levin

Alrighty then

Nu, I got into the Big Cutie

Said my farewells to Connor and Arabella

And started tunneling upward

All of a sudden, I hear a scuffling from the back door (living spaces - these guys have everything!)

Guess who came out!

Guys?

[Diana Castillo](#)

[Alon Levin](#)

So, guess who!

[Alon Levin](#)

Fine

It was Arabella!

He decided to come with me

He said that he was bored of the Beelzebub way of life, and wanted one full of adventure, like mine

So he came along!

[Diana Castillo](#)

yay~

[Alon Levin](#)

To this day, he's still

With me

He can't really go out into public since, you know, he kinda looks exactly like a monster

So he stays in my lab, assisting me in stuff

[Alon Levin](#)

We work together a lot

[Diana Castillo](#)

[Alon Levin](#)

So much so that he became one of the Nine Assistants

[Diana Castillo](#)

[Alon Levin](#)

Aren't you guys wondering about who the other 8 are, or what the Nine Assistants is?

[Diana Castillo](#)

yep

[Alon Levin](#)

Good!

Each one is a separate story

And each Assistant is characterized by a term

Billy Bob (Arabella) is Lawful Neutral

Congrats guys - 1/9 of the Nine Assistants is done!

[Alon Levin](#)

Also, the BGQT was the vehicle I took to Atlantis, where I found the velociraptor fossils

It can adapt to both land and water Tunneling

[Diana Castillo](#)

YAY

[Alon Levin](#)

As for the Velociraptors, that's another story

Imma make a chart of the Nine Assistants

I'll send it later

[Diana Castillo](#)

[Alon Levin](#)

As for now, Adieu!

Besides, we must let everyone else catch up

[Alon Levin](#)

I'll make the table for now

Lawful Good Neutral Good Chaotic Good Lawful Neutral Neutral Chaotic Neutral Lawful Evil Neutral Evil
Chaotic Evil

It's like that

Neutral Good is Arabella (Billy Bob)

[Diana Castillo](#)

ah okies

[Alon Levin](#)

The Nine Assistants - all different, all useful

FOR MY SECRET EVIL PLAN!!!

[Maxim Minchuk](#)

sorry for not answering my iPod died but im finally home

[Alon Levin](#)

Did you finish the story?

[Maxim Minchuk](#)

yeah i read it just now

[Maxim Minchuk](#)

ok im going to bed so good night to all

[Alon Levin](#)

Good night!

[Alon Levin](#)

Hello!

Story time!

[Maxim Minchuk](#)

yay

[Alon Levin](#)

So, remember I was cursing out Newton?

Maxim Minchuk

yup

Alon Levin

I've got plenty of reason to

He stole my BGQT once!

You guys with me?

Maxim Minchuk

si

Alon Levin

Diana?

Diana Castillo

yes?

Alon Levin

You here?

Diana Castillo

yep

Alon Levin

Alright

So, as I said, Newton once stole the Big Cutie

Alon Levin

What was I doing with Newton, you ask?

Bailing out a certain someone after a PPA accident

I think I'll continue tomorrow
